IF ONLY

If Only...
If only there was peace
We would have no war
No people fleeing from their homes
To run away from war

If only, we all had resources available
Refugees wouldn't have to starve
They could have hearty meals
Clean clothes, water and a home

If only we were treated equally
If only there was no racism
Our colour wouldn't matter
Our religion would be accepted

France, China, Canada
We all come from different places
But we live in one world
Earth is home to all
