

ReNEW Junior IT Analyst Program Information Session–NPower

**Restart Your Career
with Tech Reskilling
Program in IT!**

The ReNEW - Tech Reskilling Program is a Skills Advance Ontario program, to equip Ontario incumbent workers with in-demand skills for Junior IT Analyst roles. This program upskills Ontario incumbent workers in high-demand tech skills for Junior IT Analyst roles.

Training for incumbent workers will be designed in consultation with their employer. Participants will earn the Google IT Support Fundamentals certification, including the following learning outcomes: User Support, Networking and Cloud Fundamentals, Systems Administration, Cloud Infrastructure and IT Service Management, and IT and Network Security.

ELIGIBILITY CRITERIA:

- Greater Toronto Area resident
- Age 30+
- Minimum education - high school diploma or GED, earned inside or outside of Canada
- Advanced English language proficiency - Canadian Language Benchmark (CLB) of 7/8 or higher in speaking, listening, reading and writing
- Valid SIN/Work Permit - work permit must be valid for at least one year after program start
- Successful completion of program assessment, which will determine the NPower Canada program best aligned with your skills, knowledge and goals
- Strong, demonstrated motivation to work and learn
